Commissioner Kaplan called the Zoom video conference to order at 7:30 pm.

On motion of Commissioner Kaplan, seconded by Bill Zimmerman, the minutes of June 3, 2020 were unanimously approved.

A financial report was not available but the commission did discuss the large projected loss due to the CoVid-19 pandemic. Included in the loss are the outings, locker fees, free cart promo and membership dues. Many members changed their category and Membership comparisons to last year at this time showed a decrease. Most members that did not rejoin this year are expected to return next year.

The commission reviewed the updated Ladies' Tournaments Schedule. On the motion of Sue Goldman, seconded by Bill Zimmerman the schedule was unanimously approved.

On the course report, Jonathan Price spoke of the hard work his crew has been doing during this drought period. In the month of June there was a lot of hand watering done. Current conditions are humid with minimal overnight watering being done and more during the day. Normal routine maintenance continues and their hard work has resulted in very healthy greens.

Minutes of a Golf Commission

Golf Pro Robby Mistretta discussed with the commission how the scheduled tournaments were going to be handled. The discussion then turned to tee times and how to better accommodate the members as best as possible. Although Memberships and Guests counts have been down the rounds are significantly high.

On the marketing and advertising end, the commission was made aware of Golf Business Solutions (*f/k/a* Golf Now) offering marketing services. That option will be looked into to see if it is something the commission would like to pursue.

The video conference was adjourned at 9:30 pm.
