Golf Commission Meeting

June 4, 2014

Bob Johnston reported that his crew is helping to get the area around the clubhouse back in order after construction. New sod will be planted and nets will be installed.

There was discussion on the height of the rough. Many golfers feel the rough is cut too high and it makes it hard to find their ball. Mr. Johnston explained now is the season when the grass grows so quickly it isn't possible to keep it shorter. He added that cutting grass too short is not healthy.

The commission reviewed the membership numbers. As every year, a few members resign and a new members join. All in all the counts look good as resident and non-resident members continue to join as the weather improves. Larry Baily feels the recent renovation to the clubhouse will be a big selling point and suggested that the Commission get updated photos for next season's membership mailing.

The meeting adjourned at 8:30 pm.

Respectfully submitted,

Janet A. Carman, Secretary
